## Media & Technology Group Launches Non-Profit Grant Program

YORK, Pa., Sept. 5, 2024 - Media & Technology Group, LLC, a leader in digital innovation, is proud to announce the launch of its Non-Profit Grant Program. This initiative aims to empower local non-profit organizations in Central Pennsylvania with cutting-edge technology solutions.

The program will offer grants of up to \$10,000 in professional services to eligible 501(c)(3) organizations. Services may include website design and development, digital marketing, process automation with AI, and systems installation.

"We believe in the power of technology to transform communities," said Daniel Kemper, Founder and CEO of Media & Technology Group. "This grant program is our way of giving back and helping non-profits amplify their impact through innovative digital solutions."

Key features of the Non-Profit Grant Program include:

- Quarterly application periods
- Eligibility for 501(c)(3) organizations in 27 Central Pennsylvania counties
- A diverse selection committee comprising company team members and community representatives
- Flexible service offerings tailored to each organization's needs

Non-profit organizations interested in applying can find more information and access the application at [mediatech.group/grants](https://mediatech.group/grants). The first application deadline is December 15, 2024.

About Media & Technology Group:
